APPLICANT	Description of requested contract and related expenses	
	Applicant:	Alberto Bemporad
	Role:	Professor
	Functional category:	
	Title: <i>Titolo</i>	Embedded convex optimization algorithm
	Keywords: <i>Campi</i>	Numerical optimization, mathematical programming, convex problems, embedded systems
	SSD/Area Scientifica: ING-INF/04	
	Profile: <i>Profilo</i>	Professor with excellent skills and track record of publications in the area of convex optimization and numerical algorithms.
Research Area/Unit	<input type="checkbox"/> Computer Science and Systems Engi	DySCO
Office	<input checked="" type="checkbox"/>	
Activity:	Participate in research activity of the group, interacting with PhD students.
